PROLIFIC NEGRO FAMI- LY LIVES IN ARKANSAS

Thomas Ellison's Family Register
Read: 50 Children; 125 Grandchild-
ren; 60 Great Grandchildren; 27
Great Great Grandchildren.

WALNUT, Arkansas, April 28.—In
Thomas Ellison, better known as "Uncle
Tom," who resides in Newton county,
it is believed that the real champion of
the progenation principles of Theodore
Roosevelt has been found.

He is 103 years old. Yesterday a son
was born to one of his granddaughters,
and the record now stands: Married
three times; father of 50 children; grand-
father of 125; great-grandfather of 60;
great-great-grandfather of 27 children.
His youngest child is 11 and his oldest
child is 65.

20,000 PEOPLE DRIVEN FROM HOMES

Break in the Main Line Levee in
Louisiana Causes the Flooding of 900
Square Miles.

NEW ORLEANS, La., April 28.—A
long-looked-for break in the main
line Mississippi river levees along the
west bank in upper Louisiana came early
yesterday morning when the Lake St.
John levee, 12 miles north of Ferriday,
La., went out, turning the flood waters
back upon the fine farming lands and
villages of lower Tensas and Concordia
parishes. Approximately 20,000 persons
will be driven from their homes in a
region of about 900 square miles. The
property damage will total several hun-
dred thousand dollars.

People living nearby were fully warned
two hours before the crash came. Most of
the livestock had been moved to the hills
on the Mississippi side of the river. Six
river steamers and a score of motor boats
were dispatched to the scene of the cre-
vasse from Natchez and Vicksburg early
yesterday morning to rescue people from
the flooded district.

The flood waters from the break will
cover the lower end of Tensas parish,
practically all of Concordia and a part of
Catahoula and Franklin parishes. The
water will turn back to the Mississippi
through the Black and Red rivers.

THE WEATHER.

Showers Tonight and Tuesday. Follow-
ed by Cooler Weather.

WASHINGTON, April 28.—The
weather forecast: Showers tonight and
Tuesday, followed by cooler weather;
moderate to brisk easterly winds.

SIX PERSONS WERE INJURED

**Five Cars Derailed on Rut-
land Railroad Four Miles
From Middlebury**

ONE CAR ROLLED DOWN STEEP BANK

Passengers Taken from Toppling Car
Through a Window—Spreading Rails
Is the Only Reason Advanced for the
Accident.

RUTLAND, April 28.—Six persons
were injured last evening at 6:30 when
the front portion of the northbound Flyer
for Montreal out of Rutland was de-
railed at New Haven Junction, on the
Rutland railroad, four miles north of
Middlebury. Spreading rails is the only
reason for the accident. The injured:
Miss M. A. Duissen, Quebec, injuries
to head and back and nervous shock.
O. S. Bresley, Burlington, left side and
back hurt.

Charles M. Williams, New York, scalp
wound.
Mrs. George R. Henderson, Montclair,
N. J., head, back and arm injuries.
Miss E. Derrick, St. Albans, injuries
to left leg and right side.
Miss Clara Elmer, N. Y., severe in-
juries to back of head and leg.

Those injured were all riding in a
chair car, which left the track al-
together and rolled a dozen feet down a
bank 75 feet steep. The derailment oc-
curred some distance south of the
Barnesville bridge and the track was
plunged up for a distance of 200 yards.
When the train was brought to a stop
it rested partly on the bridge, with
which the plunging locomotive had
wrought havoc.

The chair car was in charge of Con-
ductor Harry Cutts of Boston and car-
ried 15 passengers. There were 75 pas-
sengers in the entire train. Five cars
and the locomotive were derailed.

The passengers were taken from the
toppling chair car through the windows.
A. M. Prentiss of Rutland, baggage man,
effected the relief of Miss M. A. Duis-
sen.

MEXICAN REBELS CAPTURE VANEGAS

Dozen Engagements Reported During
the Past Week—Transportation
Facilities are Crippled.

MEXICO CITY, April 28.—Further
evidence of the bitterness of the
northern rebels of Mexico was given yes-
terday, when several hundred of them,
well armed and mounted, captured the
town of Vanegas, on the National rail-
way, in the state of San Luis Potosi.
They cut the railway to the north and
then moved over to Matamoros, a mining
and smelting center. Dozens of engage-
ments have occurred during the past
week in various parts of the republic.
The majority of these have been victories
for the federals, according to reports at
Mexico City, but in no case have the
rebels lost over to Matamoros, a mining
and smelting center. Dozens of engage-
ments have occurred during the past
week in various parts of the republic.

rebels lost over to Matamoros, a mining
and smelting center. Dozens of engage-
ments have occurred during the past
week in various parts of the republic.

The rebels continue to cover new ter-
ritory and cripple transportation facilities.
More than 2,500 miles of the National
railway system are out of commission. To
this is added a long stretch of the South-
ern Pacific, south of Guaymas and other
short independent lines. The inability up
to date of the government to float a loan
is a serious handicap, but notwithstanding
this, President Huerta is doggedly
forcing the campaign. The recent an-
nouncement that the pay in the army
will be a peso and a half a day has been
followed by fresh efforts to augment the
ranks. Volunteers for the most part by
conscription are being obtained in Mex-
ico City at the rate of 100 a day. How-
ever, the government's campaign appears
to be largely defensive. It believes it will
be able to hold Guaymas.

MEN TORTURED IN AUBURN PRISON

Convicts Deprived of Food and Sleep
for Petty Offenses—28 Became
Insane

ALBANY, April 28.—I have found
in Auburn prison brutality, violation of
law, waste and general incompetency.
Twenty-eight prisoners have become in-
sane during the last twelve months.
The testimony of trustworthy witnesses
indicates that cruel punishment de-
prived some of these prisoners of their
reason, that the prison doctor is care-
less and unfeeling and that he has re-
peatedly refused to attend upon women
prisoners in confinement.

The story of Auburn prison as told in
the report of Commissioner Blake re-
calls the days when men were strung
up by the thumbs for some infraction
of the prison discipline, only that the
mode of punishment now is more scien-
tific and begets more narrowing re-
sults. When Gov. Sulzer read this re-
port, he would remedy these condi-
tions and prosecute the men re-
sponsible for them.

NEW YORK, April 28.—In an auto-
mobile and motorcycle accidents in the
metropolitan district of New York yes-
terday one man was instantly killed and
three mortally injured while a woman,
a girl and a Columbia university stu-
dent were seriously hurt. James
Crumm, a chauffeur, was killed on Mer-
cer road, Long Island and his compan-
ion, Thomas Conroy was mortally in-
jured when the automobile he was driv-
ing crashed into a telegraph pole.

Edward McCarthy of Newark was
cranking his car when it suddenly shot
forward and ran over him. He is dy-
ing in a hospital. In Tarrytown, John
L. Sullivan, a city employee, was struck
by an automobile and sustained mortal
injuries.

In a motorcycle accident, Miss Beat-
rice Weil, 18, who was riding in the
basket seat, and Theodore Rice of Col-
umbia were seriously injured when the
machine ran into a lamp post on River-
side drive, New York, after young
Rice, whose family is socially promi-
nent, and whose mother, Mrs. Isaac L.
Rice, is head of the society for the sup-
pression of unnecessary noises, had
vainly tried to avoid a collision with
a passing automobile. In Jersey City,
Mrs. Daisy Ward, in saving her little
girl from being struck down by an au-
tomobile, was herself struck by the
motor car and carried unconscious to a
hospital. The child was uninjured.

ENGLISH AVIATOR KILLED.
Lieut. Harrison's Biplane Collapsed at
Height of 400 Feet.

LONDON, April 28.—Lieut. Roger
Harrison, of the English army aviation
corps, was killed while flying at Farr-
brough early today. He was attempt-
ing a steep descent from a height of
400 feet when his biplane collapsed.

IMPERATOR DISABLED.
Trouble With the Turbines in Trial
Run.

CUXHAVEN, Germany, April 28.—
The trial trips of the Hamburg-Ameri-
can liner Imperator have been post-
poned indefinitely. The bearings of
one of the turbines ran hot during yes-
terday's speed trial, necessitating dis-
mounting. The turbine company hopes
to resume the technical trials May 13.

TO PROTEST TO THE POWERS

**Montenegro Considers Order
to Leave Scutari Unjust
and Cruel**

REPORT THAT TROOPS HAVE LEFT THE CITY

Despatch from Vienna States That
Crown Prince Has Marched Out
With Main Body of Army, Leaving
Only Five Batteries in Scutari.

LONDON, April 28.—The representa-
tive of the Montenegrin government here
received today instructions from Cetinje
to protest formally against the demands
of the European powers for the imme-
diate evacuation of Scutari by the Mont-
enegrines, which is described by the gov-
ernment of King Nicholas as unjust and
cruel.

VIENNA, April 28.—Crown Prince
Danilo of Montenegro and his troops
have marched out of Scutari toward the
north, according to an official despatch re-
ceived here. Only five batteries of Mont-
enegrin artillery remain in the city.

VIENNA, April 28.—The govern-
ment and the citizens in Vienna re-
gard the movement of the Montene-
grin troops from Scutari as tantamount
to evacuation of the fortress which has
been insisted upon by the European
powers.

ELLIS FINED FOR HAVING SHORT TROUT

Paid \$10 for Violating Statute and \$5
Each for Four Fish, Making Total
of \$30 Besides Costs.

Orin H. Ellis was arraigned before
William R. Daley, municipal judge, this
morning and pleaded guilty to having
four short trout in his possession. He was
ordered to pay a fine of \$30 and costs
of \$6.74. The complaint was made by
Paul R. Locke of Marlboro, a deputy fish
and game warden, who caught him yes-
terday in that town. State's Attorney
J. V. D. Piper appeared for the state and
Attorney W. D. Smith for the respondent.

This is the first fine imposed under the
new statutes relating to fishing and it
would appear that it may be subject to
more than one interpretation. The law
provides that a fine of \$10 shall be im-
posed for violation of the particular sta-
tute and \$5 for each short trout. As
Judge Daley interpreted the law there
was but one violation, and each of the
four short trout called for \$5 additional,
which making a total of \$30 imposed.

MR. BRYAN ARRIVES IN SACRAMENTO

Already in Conference with Governor
Johnson Concerning Anti-
Alien Land Laws.

SACRAMENTO, Cal., April 28.—
William J. Bryan, secretary of state,
arrived in Sacramento this morning to
confer with Governor Johnson and the
California legislature on the proposed
anti-alien land laws. He will spend
much of his time in the governor's
home, and an arrangement has been
made for him to have an office in the
capitol building, where he will be ac-
cessible to callers.

HAYWOOD CHARGED WITH INCITING RIOTS

Leader of Industrial Workers of World
Arrested on Account of Trouble at
Paterson.

PATERSON, N. J., April 28.—Wil-
liam D. Haywood, leader of the Indus-
trial Workers of the World, was ar-
rested today on an indictment
charging him with inciting riots among
the silk mill strikers here and in Eliza-
beth. Guardley Flynn and Carla Treska,
who have been aiding Haywood in con-
ducting the strike, were released on
bail Saturday.

TO RESTRAIN COMPANIES.

Missouri Supreme Court Issues Injunction
Against Insurance Concerns.

JEFFERSON, Mo., April 28.—The
state supreme court issued an injunction
today restraining 182 fire insurance com-
panies from terminating contracts now in
force in the state. The court did not
restrain the companies from ceasing to
write new business here.

Miss Annie Kirwan is expected to
return to her home today after spend-
ing two weeks in New York, Provid-
ence and Boston.

GOING NORTH TO STUDY BLOND ESKIMO

Steffanson, Who Found Colony of
Strange People, to Visit Them
With Several Scientists.

NEW YORK, April 28.—Vilhjalmar
Steffanson, the Arctic explorer, landed
yesterday from the steamer St. Paul to
perfect the plans for his four-years' ex-
ploration of the far North under the
auspices of the Canadian government.
On his last trip to the northland Mr.
Steffanson discovered the blond Eskimo
and yesterday he explained that one
of the objects of the new expedition
would be for further study of these
people. "We wonder what they are,"
Mr. Steffanson said in speaking of this
new race. "It cannot be that they are
mixed with whalers. They may be
blond from environment, or they may
be related to the Greenland Eskimo."

In the Steffanson party that will sail
in a 247-ton steam whaler for the
North the first week in June by the
north Pacific and Behring straits will
be 12 scientists, including James Mur-
ray, the biologist, and Dr. Forbes Mac-
Kay, a surgeon, who were members of
the last Shackleton expedition; Dr.
Fritz Johansen, the zoologist; Henry
Beauchamp, a French anthropologist, and
Dr. Edward James, an Australian an-
thropologist. Dr. R. M. Anderson of
the American museum of natural history
will be second in command. In addi-
tion to the scientists there will be a
crew of 15 under the command of
Capt. C. P. Pederson.

Much time will be spent in a study
of the direction and speed of ocean cur-
rents and of salinity. The explorers
expect to send the ship back to the
land of the blond Eskimos every winter
and take to the sledges in exploration
work. The course will be due
north from Herschel island at the
mouth of the Mackenzie river and after
new land has been gained and a base
established, the ship will leave the ex-
plorers there if the passage through the
ice is not too difficult.

WILL MEET WISHES OF PRESIDENT WILSON

Judge J. L. Martin Will Adjourn
Court if Necessary to Give Office
Force Use of Courthouse.

Judge J. L. Martin of Brattleboro has
offered to govern the May term of the
United States court to allow President
Woodrow Wilson the use of the court
house in Windsor for his office force this
summer. If the President decides that
he wants the building at a time when
court will be in session Judge Martin will
adjourn the court to Rutland, Newfane
or Brattleboro.

Last week Attorney General McReynolds
sent the following telegram to United
States Marshal Horace W. Bailey at
Rutland: "President desires use court
quarters Windsor accommodation his of-
fice force during coming summer. Consult
with judge and advise by wire approxi-
mate date close May term court."

On Friday Mr. Bailey wired this reply:
"Judge Martin says May term business
will be governed accommodate president.
Grand jury meets at Windsor May 20 for
three days. If rooms are desired before
that date, adjournment will be made to
another place. Wire date President de-
sires rooms."

The President will have his headquar-
ters in Cornish, N. H., across the river
from Windsor.

IMPUDENT YOUNG MEN AROUSING MOTHER'S IRE

Were Forcing Attention Upon Two
Girls on Canal Street—Were in
Tears When Help Arrived.

The forced attentions of two young
men, both of whom are known, upon two
girls on Canal street so aroused the ire
of a mother of children about the age
of the young girls, her daughter and a
young man who was calling at the house
that they went on to the street and
evening and compelled the young men
to abandon their purpose of accompa-
nying the girls. The girls were so fright-
ened accompanied them to their homes.
They were in tears and had undertaken
to slap the young men's faces in order to
make them desist.

This incident took place on Canal
street near the corner of Brook street
at 9 o'clock and was of such a discreet-
able character that the entire neighbor-
hood was aroused.

Several automobile parties will go to
Bellows Falls tomorrow to see the
Rose Maid, in the Fox-Eaton circuit.
Charles Miner has bought of A. W. J.
Wilkins the Dalton house and large lot
on Spring street. Having bought of H.
L. Emerson the building on Elliot street
occupied as a bakery, shoe shop and bar-
ber shop, he will move the building to a
part of the Dalton lot, giving it a front-
age on Church street, and will remodel it
into tenements.

Gus Hill's production of Mutt and Jeff
was presented Saturday afternoon and
evening at the Auditorium to fair sized
audiences. With Earl Redding as "Mutt"
and Danny McCormick as "Little Jeff"
the musical comedy lived up to its reputa-
tion as a laugh-producer with some fune-
lary music and many clever lines. There
were three acts, showing the lawn and
club house of the racetrack at Saratoga,
the deck of the steamship "Insurgent,"
and the palace and grounds of the Nicka-
dorian president at Valayto. The per-
formances here were the final ones of the
season for the troupe.

WAR SPEECH IN THE HOUSE

**Fiery Declaration from Rep-
resentative Sisson of
Mississippi**

RESENTS EFFORTS OF JAPAN IN HER DEMANDS

"If We Must Have War or Submit to
This Indignity I Am for War."
—With People of California in
Their Land Law Plans.

WASHINGTON, April 28.—A war
speech in support of the proposed Cali-
fornia anti-alien land law was delivered
in the House today by Representative
Sisson of Mississippi.

"If we must have war or submit to this
indignity I am for war," cried Mr. Sis-
son. "I am with the people of Califor-
nia in their efforts to prevent these aliens
from acquiring land. I resent the efforts
of Japan to force us to submit to her
demands."

LIVELY DEBATING ON TARIFF BILL

Chairman Underwood Still Believes
House Should Dispose of the
Measure This Week.

WASHINGTON, April 28.—The run
of speechmaking on the final day of
general debate on the tariff had lively
proceedings today in the House. Most of
the members had held back with a view
to getting large audiences who were ex-
pected with the closing of the general debate
and the shifting of consideration of full
to the reading of the measure under the
indefinite rule, which begins tomorrow.
Chairman Underwood still believes the
bill should be disposed of in the House
this week, and does not expect much real
trouble over the sugar schedule.

CONTROVERSY VERY DEBATABLE

President Wilson Expresses an Opinion
to Senators on the Panama
Toll Question.

WASHINGTON, April 28.—President
Wilson told callers today that he con-
sidered the controversy with Great
Britain over the exemption of Ameri-
can coastwise shipping from Panama
canal tolls as very debatable.

The President gave no intimation
of what his previous view had been,
but the Democratic senators who talked
with him had an idea that he op-
posed exemption and favored the Root
amendment.

FIVE PERSONS BURN TO DEATH.

Family of Sergeant in Presidio Bar-
racks Perish in Flames.

SAN FRANCISCO, April 28.—Two
women and three children were burned
to death in a fire that destroyed two
frame barracks, occupied by non-com-
missioned officers of the 6th infantry
and their families at the Presidio in
San Francisco, Saturday night. The
victims were members of the family
of Sergeant Schall—his wife, her
mother, and his three children, aged
five, seven and nine years. Schall
made a frantic effort to save his fam-
ily, and when at length he was danger-
ously injured, he was taken to the hos-
pital under guard.

A sentry discovered the blaze just
before midnight. The barracks, located
in the west cantonment, were occu-
pied by four families. The flames
swept the structures rapidly, and the
sentry was able to warn only three of
the families. When he reached
Schall's quarters they were a mass of
flames. The great rapidity with which
the fire spread was caused by the ex-
plosion of gasoline in one of the bar-
racks.
